

Money Matters: Spending

Managing money well is more important than making money.

What might be a big reason why so many people struggle financially?

What is God's financial goal for Christian households?

I Thess. 4:11,12, II Thess. 3:10-12, I Tim. 5:8, Eph. 4:28

What does Scripture warn about the impact of unnecessary spending?

Prov. 21:17, 23:20, 28:19, Lk. 15:13,14

Managing money well may mean making spending changes.

Areas of spending to consider if I am struggling financially:

*Where my money is going

*Where I eat

*What items I buy new

*What I throw away

*How much I use a credit card

*Who I am trying to keep up with
