

Abortion Activist Cecile Richards Receives Human Rights Award

[National](#) Steven Ertelt May 17, 2018 | 3:37PM Washington, DC

The former CEO of the Planned Parenthood abortion business Cecile Richards has received a top human rights award. The irony is not lost on pro-life advocates who understand that [Planned Parenthood snuffed out the lives and denied the human rights of millions of unborn babies](#) during her tenure as the head of the abortion company. It annually gives awards to those who they feel best exemplify “selfless and devoted service to the cause of equality.”
