What I'm about to share with you is shocking. It's a disturbing story from China involving organ harvesting from living human beings.

But the SAME thing is happening here in the U.S. Our client Sandra Merritt went undercover to expose Planned Parenthood's grisly trade in human body parts taken from tiny children killed by abortion.

And that outraged the abortion giant, which is waging a merciless two-pronged attack on Sandra.

I'll share more about Sandra in a moment, but first let me tell you what is happening NOW in communist China –Mat.
